# GRANT FUNDING GUIDELINES EAST REGION

---

### **Funding**

- All projects must demonstrate a terrorism nexus
- Grant funding requests are diverse and as a result need to be focused on regional needs
- Projects that are in excess of \$300,000 need to be separated into multi-year phased projects, with a clear indication of what the specific needs are for each phase

### **Planning**

- Projects should ensure a balanced approach between equipment and regional planning
- Needs assessments should be completed prior to expenditure of funds where applicable

### **Regionalism**

- Projects should be multi-discipline and multi-agency in their scope to address regional issues

### **Sustainability**

- Sustainability needs to be better addressed and executed to ensure that these projects maintain their viability
- Replacement costs for communications equipment that was originally funded by the SHSGP grant should be borne by the requesting agency
