FFY 2013 Urban Area Security Initiative Nonprofit Security Grant Program (UASI NSGP)

Phoenix UASI Only Information Sheet

As appropriated by the *Department of Homeland Security Appropriations Act, 2013* (Public Law 113-6); and authorized by Section 2003 of the *Homeland Security Act of 2002*, (Public Law 107-296), as amended (6 U.S.C. § 604); the Fiscal Year (FY) 2013 Urban Areas Security Initiative (UASI) Nonprofit Security Grant Program (NSGP) provides funding support for target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of terrorist attack. The program provides funding specifically to high-risk nonprofit organizations and seeks to integrate nonprofit preparedness activities with broader state and local preparedness efforts. The program is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. The FY 2013 NSGP plays an important role in the implementation of the National Preparedness System (NPS) by supporting the development and sustainment of core capabilities to achieve the National Preparedness Goal (NPG).

Eligible Applicants

- Registered 501(c)(3) nonprofit organizations located within the Phoenix UASI
- Nonprofit organizations that are at high risk of terrorist attack, includes, but not limited to:
 - Identification and substantiation (e.g., police reports or insurance claims) of prior threats or attacks against the nonprofit organization or closely related organizations (within or outside the U.S.) by a terrorist organization, network, or cell
 - Symbolic value of the site(s) as a highly recognized national or historical institution that renders the site as possible target of terrorism
 - Role of the applicant nonprofit organization in responding to or recovering from terrorist attacks
 - Findings from previously conducted risk assessments including threat or vulnerability

Scope of Eligible Target Hardening Projects

Equipment

Allowable costs are focused on target hardening activities. Funding can be used for the acquisition and installation of security equipment on real property (including buildings and improvements) owned or leased by the nonprofit organization, specifically in prevention of and/or protection against the risk of a terrorist attack. This equipment is **limited to two categories** of items on the US DHS Authorized Equipment List (AEL):

- Physical Security Enhancement Equipment (Category 14)
- Inspection and Screening Systems (Category 15)

The two allowable prevention and protection categories and equipment standards for the NSGP are listed on the web-based version of the AEL on the Responder Knowledge Base (RKB), at <http://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or DHS-adopted standards to be eligible for purchase using these funds including the Americans Disabilities Act. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment. Costs associated with inclusive practices and the provision of reasonable accommodations and modifications to provide full access for children and adults with disabilities are allowable.

Construction and Renovation

Written approval must be provided by FEMA prior to the use of any NSGP Program funds for construction or renovation. Additionally, grantees are required to submit a SF-424C Budget and Budget detail citing the project costs.

Grantees and sub-grantees must submit all documentation resulting from that review to GPD prior to submitting materials for EHP review. Grantees and sub-grantees are also encouraged to have completed as many steps as possible for a successful EHP review in support of their proposal for funding (e.g., coordination with their State Historic Preservation Office to identify potential historic preservation issues and to discuss the potential for project effects, compliance with all state and EHP laws and requirements). Projects for which the grantee believes an Environmental Assessment (EA) may be needed, as defined in 44 CFR 10.8 and 10.9, must also be identified to the FEMA Program Analyst within six months of the award and completed EHP review materials must be submitted no later than 12 months before the end of the period of performance. EHP review packets should be sent to gpdehpinfo@fema.gov.

NSGP Program grantees using funds for construction projects must comply with the *Davis-Bacon Act* (40 U.S.C. 3141 *et seq.*). Grant recipients must ensure that their contractors or subcontractors for construction projects pay workers employed directly at the work-site no less than the prevailing wages and fringe benefits paid on projects of a similar character. Additional information, including Department of Labor (DOL) wage determinations, is available from the following website: <http://www.dol.gov/compliance/laws/comp-dbra.htm>.

Training

Nonprofit organization security personnel may use NSGP funds to attend security-related training courses and programs within the United States. Allowable training-related costs under the NSGP are limited to attendance fees for training, and related expenses, such as materials, supplies, and/or equipment. Overtime, backfill, and/or travel expenses are not allowable costs. Allowable training topics are limited to the protection of critical infrastructure key resources, including physical and cyber security, target hardening, and terrorism awareness/employee preparedness. Training conducted using FFY 2013 NSGP funds must address a specific threat and/or vulnerability, as identified in the nonprofit's Investment Justification. Training should provide the opportunity to demonstrate and validate skills learned, as well as identify any gaps in these skills. Any training or training gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the training cycle.

Proposed attendance at training courses and all associated costs leveraging the NSGP must be included in the nonprofit organization's Investment Justification.
